

## MEDICO-CALL

### One line pitch:

Medico-call is a service of assistance by telephone which is based on the tele-home proposing a psychological support

### Market Analysis:

the study of 200 person lead us to find out the causes that prevent them from consulting a psychologist, the results really surprised us: -> 40%: do not consult psychologists because of the high prices . -> 15%: find it difficult to get an appointment given the unavailability of psychologists in some cities. -> 45%: don't want to uncover their identity

### Value proposition:

Our staff is available 24 hour/24 , 7 day/7 The costumer could use the service anonymously and confidentially

### Business Model:
